

Dear Business Owner,
May 2026

Are you ready to **SCORE BIG** for your business, support your local community and expose your brand to a captive audience? Become a sponsor of our Buffalo Bison Football Team for the 2026 season!

By investing your marketing dollars within our program you will not only reach the High School student population, but families throughout the area. These are active people who predominantly live and shop in our community. Your business will not only be seen and heard by our enthusiastic student section but also their parents, grandparents, friends, neighbors, as well as the fans from our rival schools.

The funds raised through our sponsorships are used to provide financial support for our football program during the upcoming football season. The Boosters feed players before/after games, provide the year end banquet for players and their families, help pay for equipment, pay for trainers at away games, equipment for the weight room, cameras, iPads, Hudl program, bus transportation for summer programs, TV cart, buying jerseys and protective equipment for players...and much more!

Please see the attached sponsorship opportunities for our business partners. We have a variety of sponsorship packages to choose from.

Our Buffalo Bison Football Booster Club is a 501 c (3) non-profit, charitable organization (Tax ID #36-3529806) whose mission is to support and promote the Buffalo, Hanover, and Montrose Schools Football Program.

If you have any questions please contact Kevin Brisk.
